

Greetings unto The Populace of Ponte Alto, Their Highnesses of Atlantia and Their Excellencies of Ponte Alto:

We, Lord Alric the Mad and Lady Cellach Mór (Lady Kel), would like to be considered for Baronage of the Ponte Alto.

We consider ourselves Another Fine Product of Ponte Alto. Though we travel the length and breadth of the Kingdom, and regularly attend events in other kingdoms, Ponte Alto is our “home base”. We view service and baronage as an opportunity to continue to support the Barony of Ponte Alto and the Kingdom of Atlantia, and draw attention to the works of its populace. We admire traditions begun in Ponte Alto and continue to ensure that all people feel welcome and supported within the Barony. We also would see the fighting continue at the tremendous level it is, and would work toward a strong Ponte Alto field presence at events.

We have sought the advice of friends, the current Baron and Baroness of Ponte Alto, other current and former territorial Barons and Baronesses and our Peers – Count Sinclair Hawkins, Countess Kari Kyst, and Maitresse Belphoebe de Givet, about this responsibility and now feel we understand the commitment required and the expectations of the office. We have their enthusiastic support.

Alric moved to Atlantia in 1997, and began fighting in Ponte Alto. He is currently a rapier and fighter armored, and a Marshal in both disciplines. He was the Ponte Alto Rapier Champion for Baron James de Bibleworth and Baroness Katharine Devereaux, as well as for Baron Marcellus Capozello di Napoli and Baroness Belphoebe de Givet. And was awarded an Onore del Ponte Nero in 2012. He is a member of the Order of the Golden Dolphin, and a Companion of the White Scarf.

Cellach has been active in SCA since meeting Alric in 2005. She is a member of the Order of the Golden Dolphin, baronial MOL for Ponte Alto, authorized in Combat Archery and Siege Weapons, and is a warranted Combat Archery Marshall. She was awarded an Onore del Ponte d'Oro in 2012. She can also be seen occasionally on the Target Archery Range. She autocratted St. Patty's Day Bloodbath in 2013, dabbles in Arts & Sciences and is passionate about fighter support.

We understand that the strength of a barony is its populace and their commitment to the Barony and Kingdom. As representatives of the Crown it is our duty to encourage and champion that commitment. Should you select to entrust us with your lands and your populace we vow to nurture, support, and build the Barony of Ponte Alto.

YIS,

Lord Alric the Mad (OGD, OWS) and Lady Cellach Mór (OGD)
